

Syrien-spezifische Exportkontrolle:

Für die Ausfuhr der folgenden zivil und militärisch verwendbaren Güter nach Syrien ist aufgrund völkerrechtlich nicht verbindlicher internationaler Kontrollmassnahmen eine Bewilligung gemäss Art. 3 Abs. 4 Güterkontrollverordnung (GKV; SR 946.202.1) erforderlich. Diese Liste gilt zusätzlich zu anderen bestehenden Bestimmungen und ist nicht abschliessend:

Chemical Manufacturing Facilities and Equipment

1. Whole chlor-alkali electrolysis cells – mercury, diaphragm, and membrane.
2. Titanium electrodes (including those with coatings produced from other metal oxides), specially designed for use in chlor-alkali cells.
3. Nickel electrodes (including those with coatings produced from other metal oxides), specially designed for use in chlor-alkali cells.
4. Bipolar titanium nickel electrodes (including those with coatings produced from other metal oxides), specially designed for use in chlor-alkali cells.
5. Asbestos diaphragms specially designed for use in chlor-alkali cells.
6. Fluoropolymer based diaphragms specially designed for use in chlor-alkali cells.
7. Fluoropolymer based ion exchange membranes specially designed for use in chlor-alkali cells.
8. Compressors specially designed to compress wet or dry chlorine, regardless of material of construction.

Chemicals

	CAS No.
a) Mercury	7439-97-6
b) Barium chloride	10361-37-2
c) Sulphuric acid, with a concentration by weight of 90% or greater	7664-93-9
d) 3,3-dimethyl-1-butene	558-37-2
e) 2,2-dimethylpropanal	630-19-3
f) 2,2-dimethylpropylchloride	753-89-9
g) 2-methylbutene	26760-64-5
h) 2-chloro-3-methylbutane	631-65-2
i) 2,3-dimethyl-2,3-butanediol	76-09-5
j) 2-methyl-2-butene	513-35-9
k) Butyl lithium	109-72-8
l) Bromo(methyl)magnesium	75-16-1
m) Formaldehyde	50-00-0
n) Diethanolamine	111-42-2
o) Dimethylcarbonate	616-38-6
p) Methyldiethanolamine	105-59-9
q) Methyldiethanolamine hydrochloride	54060-15-0
r) Diethylamine hydrochloride	660-68-4
s) Diisopropylamine hydrochloride	819-79-4
t) 3-Quinuclidinone hydrochloride	1193-65-3
u) 3-Quinuclidinol hydrochloride	6238-13-7
v) (R)-3- Quinuclidinol hydrochloride	42437-96-7
w) N,N-Diethylaminoethanol hydrochloride	14426-20-1
x) N,N-Diisopropylaminoethanol hydrochloride	63051-68-3
